For Market Gardeners and Commercial Growers

ENKHUIZEN GLORY CABBAGE
The largest and earliest round head cabbage

JOSEPH HARRIS CO.
Seed Growers

MORETON FARM

COLDWATER, N. Y.

THIS special wholesale price list is intended for those who buy seeds in considerable quantities for commercial purposes.

The seeds are to be sent at the expense of the purchaser.

If it is desired to have them sent by mail postage must be added to the prices quoted at the rate of **10c per lb.**

The seeds will be carefully packed for shipping and will be delivered to the following railroads or express companies without extra charge:

Express Companies—American, Adams, United States, National and Wells-Fargo.

Railroads—New York Central; Erie; Pennsylvania; Lehigh Valley; Buffalo, Rochester and Pittsburgh; Rome, Watertown & Ogdensburg.

What We Guarantee

We guarantee all seeds, plants, etc., to reach the purchaser in good condition and to be as represented, in so far as should any prove otherwise, we will replace all such without charge or refund the amount paid for them; but it must be distinctly understood that we will not be responsible for any loss that may occur beyond the amount paid for the seeds or plants. We will accept orders on no other terms.

Germination of Seeds

All the seeds we sell are tested for germination, and the per cent that germinate is marked on each package or label, so that anyone can easily judge how thick to sow the seed. This is an advantage given by no other seedsman that we know of.

Note—Half pounds, half pecks and half bushels will be sold at the pound, peck and bushel rates.

CAULIFLOWER

NOTE—There is no reason why the *very best* Cauliflower seed cannot be sold at much lower prices than is charged by most seedsmen. They charge high prices because growers think if they pay \$4.00 an ounce for seed it must be better than the seed that costs \$2.00 or less. As a matter of fact the same seed that gardeners pay \$4.00 per ounce for can be sold at \$2.00 and still leave a fair profit to the dealer. The seed we offer is the *very best* that can be procured at any price.

	Ounce	¼ lb.	Lb.
SNOWBALL. Perfected strain. The standard kind for either early or main crop. Our "Perfected" strain which we offer this season is very fine, practically every plant producing large firm heads without protruding leaves	\$1.75	\$6.50	\$24.50

POTATOES

Our seed potatoes are grown on our own and neighboring farms from seed furnished by us and we think they are far superior to most of the potatoes sold for seed. They are pure, true to name and practically free from scab and other diseases.

The prices here quoted are what the potatoes are worth at the present time (December). We shall endeavor to abide by these prices during the season but should conditions of the market change materially one way or the other we reserve the right to cancel these prices without notice.

Please write us for price on the varieties and quantities you will need if you will require 3 bbls. or more. We will quote the lowest possible prices at all times.

We have the largest and finest stock of choice seed potatoes we ever put in our cellars.

About shipping. The potatoes are shipped in barrels or sacks holding 165 lbs. We can usually ship safely by the middle of March but not before, except to the Southern States. If seeds and potatoes are ordered please state on the order whether the seeds are to be held to go with the potatoes, or to be sent at once, and the potatoes later when it is safe to ship them.

Prices quoted below are for the potatoes put up in heavy sacks holding $2\frac{3}{4}$ bu. each. If you wish the potatoes shipped in barrels instead of sacks please add 25c to the price quoted for sacks.
